

unlocked 4.0" android smartphone

UNLOCKED. DUAL SIM. YOUR GAME.

USE YOUR OWN SIM OR BUY 1 OR 2 SIM CARDS OF ANY PROVIDER

INSERT SIM

PHONE IS READY TO CALL

Micro-SD Card

sim 1 sim 2

Dual SIM technology

- 5 Mpx Camera with Flash
- 4 GB Storage Memory
- Dual-Core Processor
- 4.0 inch Display
- Elegant Design
- Micro-SD slot
- Android 4.2
- Bluetooth
- Wi-Fi
- GPS

UNLOCKED.

Retailers get immediate turnover and lose the dependency on operators + the required funding upfront. Consumers get the freedom to pick a phone with the specs they want, with no carrier strings attached.

pick any provider

DUAL SIM.

Separate & pleasure: use the device at work and at home, without having to switch SIMs or spend time on call logging.

Expand coverage: traveling to Canada or Mexico will get a lot cheaper when you use a local SIM next to your own US SIM.

Create-Your-Own-Bundle: pick one carrier for calling and another for data traffic to get the biggest bang for your buck.

YOUR GAME.

Forget unnecessary, space-consuming apps you can't remove. You're in control of what's on and what's not on your device. And if you need more storage space, simply insert a memory card to expand.

never run out of space

Introducing Whoop

Whoop is a young and innovative consumer electronics brand. The company behind it is Ambiance Technology, Ltd. (AT), an originally Dutch company established in 2003. In 2011 AT launched their first mobile device and since then they've sold over 100,000 smartphones in Europe.
